## Childhood Immunisation Records

Please read and confirm consent

This site contains childhood immunisation records from the Department of Health & Families Immunisation Register.

The information is 'Read Only' and is refreshed on a regular basis. Immunisation records are included for clients up to and including 15 years of age. Please note that records may not be complete for children over 12 years of age. Contact the Immunisation Help Desk on 08 8922 8315 for more information.

**Northern Territory Government**

The records contained in this website were last refreshed on 14/02/2013 5:00:58 PM. Immunisation records are provided for the purpose of facilitating safe care and service delivery and are not to be used for any other purpose.

**I have read the above information about the Childhood Immunisation Records website and its use.**

Has this person given consent for your access to their records?

A Read Only version of the Consumer's NT Childhood Immunisation record will then display. To exit the record and return to the MeHR Health Record Index page, just click the **X** in the top right hand corner of the screen.

The screenshot shows a web browser window titled "Child Imm - Client Details - Windows Internet Explorer". The page has a blue header with "Childhood Immunisation Records". On the left is a "Menu" with a "Logout" link. The main content area is divided into two sections:

- Client Details:** Contains form fields for Client ID, Family Name, Given Name/s, Address, DOB, Sex, Indigenous Status, and Medicare No.
- Immunisation History:** A table with two columns: "Immunisation" and "Date Administered".

## Synapse - NTG Picture Archiving and Communications System (PACS)

**Please read and confirm patient consent**

The information in the Synapse PACS is 'Read Only' and is refreshed on a regular basis.

In order to protect the privacy of information, NT Government and Non-Government organisations are required to adhere to the following:

- Do not disclose your password or username to anyone.
- Only utilise the information stored on the PACS for the purpose of providing healthcare to the patient.
- Advise the PACS administrator if you see any data that is incorrect or incomplete.
- Do not disclose or utilise the information in the PACS for the purposes of research without prior approval from the Synapse PACS system administrator.

**I have read the above information about the Synapse PACS and its use.**

Has the patient given consent for you to access their medical imaging records?

If you do not have the patient's consent, you are only permitted to access Synapse PACS records where the patient is not capable of giving or communicating consent and you believe that access is necessary to avert a serious and imminent threat of harm to the health or life of the patient.

Please contact the Synapse PACS system administrator for more information
