Sending PCIS Consultations to MeHR

**Please be advised that PCIS displays MeHR as SEHR

How to send a consultation with a registered consumer to MeHR from PCIS

Information is sent to My eHealth Record from PCIS upon the completion of a consultation with a registered consumer. This will create a Primary Health Centre Summary event and create or update a Current Health Profile in the Consumers My eHealth Record.

Follow the usual process of ending a consultation in PCIS by clicking on the **end this consult** option.

The **End Consult** menu will display at the bottom of the consultation page. The **Send to SEHR** tick box is automatically defaulted to send. If the consumer would not like their consultation to be sent to My eHealth Record then simply un-tick this option.

Tick the **End Visit** tick box and then click the **OK** button as per the normal procedure of ending a consultation in PCIS. The consultation will then be sent to My eHealth Record and will display as a Primary Health Centre Summary.
